

## *Truman Medical Center Lakewood*

Truman Medical Center (TMC) Lakewood is a full-service medical campus featuring a spacious, community hospital and long-term care center. Located in the rolling hills of Eastern Jackson County, Mo., TMC Lakewood offers patients state-of-the-art medical services in a community hospital.

TMC Lakewood is part of Truman Medical Centers, an academic healthcare system providing accessible, state-of-the-art healthcare to everyone in our community, regardless of the ability to pay. TMC is a not-for-profit, 600-bed, two acute-care hospital health system, the largest and most comprehensive safety net healthcare provider in Jackson County and Kansas City, Mo.

### **It's All About Feeling Better**

From the enhanced natural lighting, which promotes healing ... to the architectural design that eliminates harsh angles, for a softer, more therapeutic environment ... to entrances and exits carefully planned to provide patient privacy ... TMC Lakewood is designed around the central belief that it's all about getting better.

Whether TMC Lakewood cares for patients in its Intensive Care Unit with peaceful views, in its Emergency Department that is centered around the patient's needs, or in a comfortable, five-star patient room ... TMC Lakewood provides the highest possible standard of patient care.

TMC Lakewood proudly serves the healthcare needs of Eastern Jackson County. Its spacious medical campus features:

- A 145-bed primary care community hospital
- The Lakewood Family Birthplace, a new, 19 room labor/delivery/recovery/postpartum (LDRP) center with all the

amenities expected by new moms. The center includes two dedicated C-section suites and a 5 bed Level II NICU.

- Thirty-four private inpatient rooms designed around the patient's comfort
- A Surgery Center with four outpatient/inpatient surgical suites designed to accommodate state-of-the-art equipment and online technology. A da Vinci robotic-assisted surgery system supports minimally invasive procedures.
- An orthopaedic program accredited by The Joint Commission for knee and hip replacements.
- A 188-bed fully accredited long-term care center, which includes an Alzheimer's and Dementia Unit and an award winning intergenerational program
- A 16 bed Geriatric Psychiatric Acute Care Unit, located adjacent to the Lakewood Care Center.
- TMC Lakewood Dental Clinic, one of the largest public dental clinics in Missouri
- An Emergency Department and urgent care clinic, easily accessible to the community
- Inpatient and outpatient Medical Rehab Center
- The Bess Truman Family Medicine Center which provides primary care for patients of all ages. Truman Medical Centers has achieved Level 3 recognition from the NCQA Patient-Centered Medical Home 2011 program
